Subject: Summer Food Service Program (SFSP) Food Service Management Company (FSMC)
Inspections

To: STATE AGENCY DIRECTORS - Colorado ED, Iowa, Kansas, Missouri DH,
(Child Nutrition Programs) Montana OPI, Nebraska ED, North Dakota,
South Dakota, Utah and Wyoming DHSS

There are a number of FSMCs that register for the SFSP in States other than where their food preparation facilities are located. In the past, the State agencies communicated through the Regional Offices to request inspections of the food preparation facilities in the other States.

The Regional Offices' involvement has not been enhancing the inspection process. There is agreement between all of the Regional Offices, that from now on, in order to make the inspection process more efficient, all States should communicate directly with each other to request inspection reports.

Please contact our office at (303) 844-0359 if you have any questions concerning this policy.

Ann C. DeGroat
